

several times a day i get on my caller i.d. unknown name. when i answer the phone they hang up. this is very disturbing and waste my time and fulls up my caller i.d. there must be something that can be done. today i had 2 calls. each one had a number. when i called 1 866 3830986 a machine asked for the extention i wanted, since i knew no extention it hung up on me. then chase bank did the same their number was 1 800 451 6274. when i called them back i got a machine that gave me 2 options only. they were to either be on their do not call list or not to be. please there must be something that can be done. i have recieved up to 10-15 calls on some days.
